

# Work-Over BOP Torque & Test

Flat Rate: \$1200

\*6 HOUR MINIMUM

## INCLUDES:

- PRESSURE TEST UP TO 10,000 PSI
- HYDRAULIC TORQUE TOOLS
- TEST PLUGS, SUBS & MANDRILS
- BPV AND/OR TWC SET & RETRIEVAL (w/ lubricator)

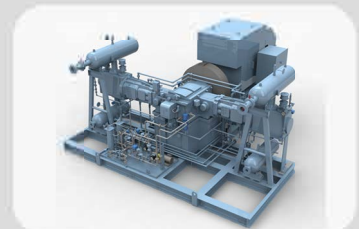

## Hydrostatic Pressure Testing

### Specifications:

Pressure rating of 10,000psi with Max flow rates of 25GPM

### Applications: Work-Over BOP Testing

- Hydraulic Torque Application
- Winterization (Glycol & Methanol)

Verify pressure capacity and functionality under pressure.  
Be certain your equipment is ready and operating at the highest standards.
